

CURRICULUM VITAE

Name: **Mujahid Kamran**
Current Position: **Vice Chancellor, Grand Asian University, Sialkot and Professor Emeritus, University of the Punjab, Lahore (Physics)**
Previous Positions: **Vice Chancellor, University of the Punjab Lahore, Pakistan (Jan 3, 2008 – December 18, 2016)¹,
Chief Adviser to the President UMT (University of Management & Technology) on Research and Academic Excellence May 6, 2021-May 5, 2023
Rector, University of Lahore Aug 7, 2017 – April 15, 2021**
Date and place of birth: **23.1.1951 - Gujrat, Pakistan**
Father's name: **Syed Shabbir Hussain²**
Nationality: **Pakistani**
Email: **kamran_m51@yahoo.com**
Languages: **Urdu, English, Punjabi**

PUBLICATIONS:

Sixty-three (**63**) research publications in refereed journals **outside** Pakistan / presented at conferences abroad (48 in foreign (impact factor) journals, 2 in local journals, 13 Conference presentations / contribution in International Conferences abroad); list of publications may be seen on page 15-20 of the cv

One hundred and forty-nine (**149**) articles, on aspects of science and higher education, as well as on global politics, mostly published in national and international magazines and newspapers; the list may be seen from pages 23-39 of the cv

Twenty-one (**21**) books including two text books (5 of the 21 books are in Urdu language; 5 of these books deal with the lives and works of great physicists of the twentieth century):

¹ Longest continuous tenure as VC in the history of the University of the Punjab (established 1882)

² Deceased 2003. Former Bureau Chief Islamabad bureau and political correspondent the *Pakistan Times*

- 1) **M. Kamran:** *Gladio Subversion, Israel, Pedophilia and Terrorism*, 306 pages, Jhelum Book Corner, in press, 2026
- 2) **M. Kamran:** *Assassinations for the World Order: 8 Murders 1945-1997*, 590 pages, completed but yet to be handed over to a publisher
- 3) **M. Kamran:** *The Assassination of Princess Diana*, in press, Sang e Meel Publishers, 253 (vii+245) pages
- 4) **M. Kamran:** *Who was Responsible for World War I? Britain or Germany?* in press, Sang e Meel Publications, 2025, 286 pages
- 5) **M. Kamran:** *Jang e Azeem Awal: Asli Kahani Kia Hai*, in Urdu Jhelum Book Corner, 2026, 222 pages, ISBN: 978-969-662-680-0,
- 6) **M. Kamran:** *The Assassination of John F. Kennedy – An Overview*, x + 716 pages Sang e Meel Publishers, 2025, 675 pages, ISBN-10 969-35-3722-X, ISBN-13 978-35-3722-2
- 7) **M. Kamran:** *Churchill, Hitler, FDR, Stalin and the Bankers*, University of the Punjab Press, February 2025, 876 pages; xv+ 861, ISBN 978-627-7858-01-8
- 8) **M. Kamran:** *Jang e Azeem Awwal key Posheeda Kahani* (in Urdu – The Hidden Story of WW I), in press, Book Corner, 2025, 217 pages,
- 9) **M. Kamran:** *The World Order, How It Works*, Sang e Meel Publications, April 2019, xx, 608 pages ISBN-10: 969 – 35 – 3186 – 8; ISBN -13: 978-969-35-3186-2
- 10) **M. Kamran:** *Albert Einstein: Life and Work*: University of the Punjab Press, 2017, 720 pages, ISBN 978-969-9325-35-9
- 11) **M. Kamran:** *The International Bankers, World War I, II and Beyond*: Univerof the Punjab Press, 2015; 560 pages, ISBN 978-969-9325-24-3 (author and Arabologist, Kevin Barrett Ph.D. has referred to it as a **“superb and timely contribution”**)
- 12) **M. Kamran:** *Relativistic Quantum Mechanics An Easy Introduction*: University of the Punjab Press, 2014; 288 pages, ISBN 978-969-9325-20-5 pages (for final year undergraduate and first year graduate students of US universities and M.Sc. and M.Phil students of Pakistani universities)
- 13) **M. Kamran:** *9/11 & the New World Order* (English): University of the Punjab Press, 2013; 396 pages, ISBN 978-969-9325-13-7 (author James Hufferd Ph.D. has referred to it as the **“best summary of 9/11 and the NWO I have come across to date”**); Urdu translation by Mohsin Pirzada: *Saniha e September aur Nia Aalmi Nizam* Peerzada): University of the Punjab Press, 2014; 452 pages, ISBN 978-969-9325-17-5
- 14) **M. Kamran:** *The Inspiring Life of Abdus Salam* (A biography of Abdus Salam Pakistan’s only Nobel Laureate in science): University of the Punjab Press, 2013; 356 pages ISBN 978-969-9325-11-3 (**“unputdownable”** Daily *The Dawn*)
- 15) **M. Kamran:** *The Grand Deception - Corporate America and Perpetual War*: Sang e Meel Publications, 2010, 429 pages ISBN-10: 969–35–2406–3, ISBN-13: 978–969-35-2406-2 (referred to as **“a good addition to Zinn and Chomsky”**)
- 16) **M. Kamran:** *Einstein and Germany*: Sang e Meel Publications, April 2009, 222 pages, ISBN-10: 969 – 35 – 2234 – 6, ISBN-13: 969 – 35 – 2234 – 1

- 17) M. Kamran:** *Pase e Parde- aalmi siyasat key makhfi haqaiq*, (Behind the Curtain - Hidden Facts of Global Politics) Sang e Meel Publications Nov 2008, 190 pages ISBN-10 969-35-2174-9
- 18) M. Kamran:** *“Relativistic Quantum Mechanics – A Quick Introduction”*, ISBN 969-35-1783-0 Sang e Meel Publications Nov **2005**, 119 pages (for final year undergraduate and first year graduate students of US universities and M.Sc. and M.Phil students of Pakistani universities)
- 19) M. Kamran:** Editor: *“Dr. A.Q. Khan on Science, Education and Technology”* , January 2004, 500 pages
- 20) “Jadeed Tabiyat kay Bani”** (i.e. Founders of Modern Physics) - 313 pages, Sang e Meel Publications, Lahore, **1997**; publishers - *Sang e Meel Publications*; winner National Book Foundation Award
- 21) S. Shabbir Hussain and M. Kamran:** (Editors) *“Dr. A.Q. Khan on Science and Education”* (269 pages -**1997** - publishers - Sang e Meel Publications, Lahore)
- 22) M.Kamran:** *“Jadeed Tabiyat kay Mashaheer”* (famous names in modern physics) - 203 pages; published by *Punjab University 1988*

BOOKS CURRENTLY BEING WRITTEN:

- 1. M. Kamran, Mansoor Shamim, and Mahsana Ahsan:** *Quantum Mechanics*: (20 out of 21 chapters already completed in final form – current length: 842 pages; – some diagrams need to be done)
- 2. M. Kamran:** *Introductory Quantum Field Theory for Pedestrians*: (175 pages already completed)
- 3. M. Kamran:** *Variety of Physicists* (250 pages completed, ongoing work; chapters on Rutherford, Einstein, Dirac, Kaptiza, Landau, Salam, completed; planned chapters on Bohr, Schrodinger, Heisenberg, Fermi, Born, Pauli, Sakharov, Yukawa, Feynman and Chandrasekhar)

DISTINCTIONS AND HONOURS

Sitara-e-Imtiaz Awarded by the President of Pakistan in the field of Education
(March 23, 2015)

President’s Pride of Performance Award for contribution to physics research, teaching, and popularization of science
(March 23, 1999)

Abdus Salam Prize for “contributions to hadronic scattering while working in Pakistan” **1985-** (reward primarily in recognition of Phys. Rep. 108C (1984) 125; the Abdus Salam prize was initiated by Prof. Salam from a part of his Nobel prize money and consists of a cash prize of \$1000 and a certificate)

National Book Council Award (first prize) for published work in the subject of Physics in one year - **1986** (cash award of Rs25000/- approximately 1000 US\$ at the then exchange rates and a certificate)

National Book Foundation Award on the book “Jadeed Tabiat kay Bani” – award announced in **2000** (cash prize + certificate)

Fulbright Fellow and visiting Associate Professor, University of Georgia, Athens, Georgia, USA - **1988-89**

Appointed **Senior Associate** of **ICTP** (International Centre for Theoretical Physics) Trieste, Italy for a 6-year period beginning January 1, 1991; former **Associate** of ICTP (1985-1990) and **Junior Associate** 1984. Senior Associates are scientists from developing countries “*whose international standing is a factor pride.*”

Certificate of Honor and Medal, awarded by Board of Trustees of the **American International Theism University**, Florida, USA, for “Excellent Performance in Academic & Administrative Leadership in Higher Education Institutions in Pakistan & Abroad, **2022**.”

Bolan Award for contributions towards science and popular science (1992) (the awards are instituted by the Bolan Society which normally presents these in the field of social work and theatrical arts (particularly cinema), but occasionally people from other walks of life also receive these awards)

Elected **Active Member** of the **New York Academy of Sciences** in recognition of “work in, and support for, science and technology” (1994)

Awarded **Advance increments** in salary for research output by the Punjab University on the recommendations of British and American experts

Won **Merit Scholarships** as a student **1965-67, 1967-69, 1969-71** (Marks secured in matric, F.Sc., B.Sc., and M.Sc, respectively: 689/900, 740/1000, 519/700, 760/1100)

PROFESSIONAL EXPERIENCE

<u>Designation / post held</u>	<u>Period for which position held</u>
Vice Chancellor, Grand Asian University, Sialkot	September 1, 2023 - present
Professor Emeritus, University of the Punjab	wef 2025
Professor Emeritus, Virtual Internataional Atlantic University, Guinea Bissau	wef 2026
Chief Adviser on Research and Academic Excellence to the President UMT	May 6, 2021 – May 5, 2023

Rector, University of Lahore	August 7, 2017 – April 15, 2021
Vice Chancellor, Punjab University	January 3, 2008 - Dec 19, 2016
Dean Faculty of Science, Punjab University	June 7, 2004 – June 6, 2007
Professor of Physics (KSU, KSA)	August 23, 2001 – June 5, 2004
Chairman Department of Physics, Punjab University	May 1995 to July 2001 and Jan 2, 2007 to Jan 2, 2008
Professor of Physics PU	Oct. 1988 to January 2011
Associate Professor in High Energy Physics PU	Oct. 1987 – Oct 1988
Assistant Professor in High Energy Physics PU	Feb. 1982 - Oct 1987
Lecturer in Physics PU	Oct. 1972 - Feb. 1982

Taught post-graduate (M.Phil) and undergraduate (M.Sc. and B.Sc. Hons) classes at Punjab University (PU). Taught Ph.D., M.S. and B.S. courses at King Saud University (KSU), Riyadh, Saudi Arabia. KSU has an American system with a B.S. awarded after 16 years, and M.S. after 18 years of education. Courses taught by me at Ph.D. and M.S. level at KSU were: - *Physics of Elementary Particles, Quantum Field Theory I and II, Gauge Theories, Mathematical Physics, Quantum Mechanics II*; courses taught at the B.S final year level: *Quantum Mechanics*.

Courses taught at M.Sc. B.S. (4 years) and M.Phil level at **PU**: *The Standard Model* (M.Phil) *Quantum Mechanics, Classical Mechanics, Mathematical Methods of Physics to M.Sc. (1st year), and Theoretical Particle Physics (I and II)* to M.Sc (2nd year).

Ph.D. students

1. Successfully supervised the Ph.D. thesis of Dr. M. Ali on “Hypercharge Exchange Reactions” (joint supervision with Prof. Dr. M. Saleem) **1986**.
2. Successfully supervised the Ph.D. thesis of Muneer Ahmad “Aspects of Hadronic Structure in the Final State Hadron production in Deeply Inelastic Scattering” (joint supervision with Prof. G. Kramer of Hamburg University) **2004**.
3. Successfully supervised the Ph.D. thesis of Mr. Faisal Akram “Hadronic Cross Section of B Mesons” **2013**.
4. Successfully co-supervised the Ph.D. thesis of M. Qasim: “First Principle Study of Transition Metal TM Doped II-VI Ferromagnetic Semiconductors” **2016**

CONTRIBUTIONS AS VICE CHANCELLOR PUNJAB UNIVERSITY

As Vice Chancellor Punjab University my focus was on Faculty Development, increase in quality and quantity of research output, streamlining and expansion of PhD program, increase in the percentage of graduate students in the overall student body, enhanced allocation for research, conference participation inside and outside the country and holding of national and international conferences and for enhancing the income of the university. Particular attention to languages, social sciences and the arts was paid, enhancing their role in the university as well as at the national and international level. I

also focused on de-politicization of the student body where a fundamentalist group held sway. I was the only VC to have succeeded in cutting that group to size.

As a result of my efforts PU was second overall in HEC rankings in 2016 in the country. It was among the top 25 in South Asia in the Webometrics ranking and came in the top 9% worldwide in the Webometrics rankings. It was among 200-250 in Asia in 2014, 2015 in QS rankings but data could not be submitted for 2105 so that in 2016 it was not ranked.

I managed to transform the culture of PU from an undergraduate culture to that of a research culture with a large body of graduate students.

Expansion and consolidation of existing departments was carried out and projects left pending by the previous administration were completed. New projects worth Rs. 1.82 billion were secured from the Government of Pakistan. The first project for Rs. 848 million was for the period 2014-2017 and was completed by December 2016 well ahead of time. The second project of Rs. 980 million Rs. was for the period 2016-2020.

A scheme for making PU 100% self-sufficient financially was begun (please see point 9 below). During my tenure PU was able to generate 67-70% of its budget from its own sources.

Some numbers are quoted below:

1. The number of Ph.D. faculty members was raised from 210 to 560 during my tenure
2. The number of publications in impact factor journals was 162 in 2007 (I assumed charge in Jan 2008). It had risen to 745 in 2015.
3. Overall publications also increased very significantly during my tenure in non-impact factor but HEC recognized journals as well as in conference proceedings. The total number of research publications in 2015 was 1378. Data for years before I took charge was not available. However, during my tenure there was a steady increase in the number of research publications every year.
4. The average Ph.D. production from 1991-2007 was around 41 (734 PhDs in 18 years). During my tenure the average Ph.D. production (2008 – 2015) was 145
5. In 2007 the graduate students (i.e. M.Phil/MS and Ph.D. scholars) was 300 out of a total student population of 29000 i.e. 1% of the student body. In 2016 it was around 6400 out of 42,800 students i.e. 15% of the student body (it included around 1800 **registered** PhD students)

6. The research funding from own sources of the university was raised from a meagre 2 million Rs. (2007-2008 budget) to 110 million Rs. (2016-2017 budget)
7. In the 2007-2008 budget the allocation for conferences (i.e. holding conferences and participating in conferences) was Rs. 7.5 million. In 2016-2017 budget the amount allocated was Rs. 65 million.
8. The PU Faculty Development program funding was raised from 45 million to 75 million during my tenure. In five years, from 2003-2007, the previous administration could only send 28 teachers abroad for Ph.D. under this program. From 2008-2015 we were able to send 108 faculty members abroad for Ph.D. under the PU Faculty Development program.
9. During my second tenure the PU had entered into a formal agreement with the Government of Punjab in 2015 whereby the Government was able to build a 1.8 km long road through university land in return for permission to commercialize both sides of the road up to a depth of 100 meters on either side. *This was a land mark agreement which would have generated sufficient funds to enable the university to meet all of its expenditures and to engage professors from the advanced world in teaching and promoting research at PU. The money would also have been used to provide enhanced funding for research, for scholarships, and more effective implementation of MoUs with academic institutions of the advanced world.*
10. The total investment of PU, when I took office, was about 1.85 billion. When I left office it had grown to 6.18 billion. This was achieved without raising the tuition fees by a single paisa. The Research Endowment Fund had about 3 crores in it when I took office. When I left office the Research Endowment Fund had grown to 60 crores. A Pension Endowment Fund was formally established during my tenure and had over 3.5 billion rupees in it when I left office. Thus the pensions were secured.
11. During my tenure an initiative for national integration, focused specially on Baluchistan as taken. In the year 2011, I announced about 100 seats every year for students from Baluchistan in various programs of the university. No fees were charged from these students, no hostel dues were taken (except for mess dues) and a stipend of Rs. 3000/- per months was given to each such student from the earnings of the university. As a result, deserving students from Baluchistan flocked to the PU and the image of Punjab in Baluchistan received a great boost. Many extremist students from that province became convinced that Punjab was not hostile to Baluchistan but was, instead supporting its youth. Many students who have passed out under this program are serving Baluchistan, and other services in other parts of the country as well as abroad.

CONTRIBUTION TO HUMAN RESOURCE DEVELOPEMMENT IN PHYSICS AS Chairman Department of Physics

After becoming Chairman Physics Department in May 1995 I *initiated a program of grooming talented students (through extra lectures and coaching) so that they could compete and win foreign scholarships. **Owing to my efforts PU Physics students have won over 40 fellowships since 1999. At least 20 of these successfully completed Ph.Ds. This program was initiated well before GOP/HEC launched its current manpower training programs. Not a single penny of the GOP/HEC has been spent in this regard as these scholarships are funded by Western institutions.*** I was able to transform the culture of PU Physics Department during my tenure. I never allowed political student groups, including the most powerful one, to operate in my Department. Good students, and not the stereotyped politically motivated “student leaders”, became role models in the Physics Department during my tenure. Prof. T. Bolton of Kansas State University referred to me as *“a gold mine of graduate students”*.

1. **Muneer Ahmad** DAAD Germany 1996-2000 Hamburg University, **PhD completed successfully**
2. **M. Arif** DAAD Germany 1998- 3 months scholarship during Ph.D. at PU; completed Ph.D. successfully
3. **Mansoor Shamim** (Abdus Salam ICTP, Italy 1999 -2000, 1 year Diploma, **completed successfully**)
4. **Shahida Dar** (Abdus Salam ICTP, Italy, 1999-2000 - 1 year Diploma, **completed successfully**)
5. **Amna Saman Saeed** (Abdus Salam ICTP, Italy 1999 -2000) **not availed**
6. **Jameela Bashir Butt** ICTP, Italy 2000 -2001 1 year Diploma **successfully completed**
7. **Aneeqa Bashir** (ICTP, Italy 2000-2001) **not availed**
8. **Samya Bano Zain** SUNY Albany, USA 2000 – successfully **completed Ph.D. May 2006** (currently HoD and Associate Professor at Susquehanna Univ, Penn, U.S.A.)
9. **Shahida Dar** **successfully completed PhD in 2008 from Delaware University**
10. **Mansoor Shamim** **successfully completed PhD from Kansas State University, May 2008**
11. **Fakhar ul Inam** (Abdus Salam ICTP, Italy, 2001-2002) 1 year Diploma Scholarship, **successfully completed**
12. **Sobia Shafiq** (Cambridge UK 2001 - 3 year **PhD scholarship**)

13. **Jameela Bashir Butt** Univ of Syracuse, USA, 2001- successfully **completed Ph.D., May 2006**
14. **S. Hussnain Ali** (Thailand 2001- Masters in Remote sensing) **not availed**
15. **Azam Saeed** (UK 2001, Wales Masters in Material Sciences, successfully completed; currently teaching at a UK university)
16. **Mahsana Ahsan** (successfully completed **PhD** from Kansas State University, May 2008)
17. **Babar Ahmed Qureshi** (**PhD** completed 2007, University of Syracuse)
18. **Fakhar ul Inam** **PhD** successfully completed, Ohio University, 2009
19. **Shabana Nisar** **PhD** successfully completed 2007, University of Syracuse,
20. **Nasira Sultana** Abdus Salam ICTP, Italy, 2002-2003, 1 year Diploma Scholarship, **successfully completed**
21. **Adil Mehmood** Pfaffenwaldring, Stuttgart University, Germany (**PhD scholarship** 2004, completed successfully Ph.D.
22. **Yasmeen Kausar** University of Aveiro Portugal, **PhD** (currently writing thesis)
23. **Iram Munawar** (2 offers) University of Newfoundland, Canada (**PhD**), University of Aviero, Portugal (**PhD**);
24. **Hina Malik** University of Aviero, Portugal (PhD) Fall 2002
25. **Muhamamd Nadeem** University of Wales, UK, competed Masters, currently working in UK
26. **Salman Qureshi**, Univ of Stuttgart, Germany
27. **Mudassar Iqbal** Abdus Salam ICTP 2002-2004, 2 year M.Sc. in Computer Simulation and Modeling; successfully completed; subsequently successfully completed Ph.D.
28. **Sobia Shafiq** Delaware Univ, USA 2003 - 6 year PhD scholarship
29. **Neelam Khan** 2 offers, Kansas State University, Delaware Univ, USA 2003 - 6 year **PhD** scholarship, completed successfully from KSU
30. **Nasira Sultana** Syracuse University, USA – 6 year **Ph.D.** scholarship 2003, successfully completed **PhD**, 2009.
31. **Fatima Anis** Kansas State University USA, 2003, 6 year **PhD scholarship**; successfully completed **PhD**
32. **Teeba Rashid** Kansas State University USA, 2003, 6 year **PhD scholarship (not availed)**;

33. **Hafsa Khurshid** Delaware Univ, USA 2003 - 6 year **PhD** scholarship; successfully completed
34. **Fakhar Inam**, University of Ohio, 6 year **PhD scholarship** (Fall 2003 onwards), successfully completed PhD
35. **Fauzia Jabeen**, Abdus Salam ICTP, Italy, 2003-2004, 1-year Diploma Scholarship
36. **Amna Saman Saeed** (Kansas Sate University, beginning Fall 2004, **6 year PhD scholarship**- passport with US embassy since April 2004, on her request her passport was returned in 2006; scholarship **unavailed**)
37. **M. Shahbaz** (Kansas State University, beginning Fall 2004, **6 year Ph D scholarship** - passport with US embassy since April 2004 and returned with a direction for a new I 20in 2006; scholarship could **not be availed**)
38. **Nosheen Iqbal** (Kansas State University, beginning Fall 2004, 6 year **PhD scholarship** – visa refused – hence could not be availed)
39. **Fauzia Jabeen PhD scholarship** University of Trieste, Italy starting 2004, completed successfully
40. **Ramoonah Shehzadi** Bonn University, Germany, Sep 2005 onwards **PhD** scholarship, completed successfully, currently AP Punjab University
41. **M . Shafeeq** University of Ottawa, Canada 2007-onwards PhD scholarship, completed successfully
42. **Muhammad Imran** ITC, Enschede Netherlands September 2007-onwards **PhD scholarship**, completed successfully
43. **Tayyaba Zafar** (Neils Bohr Institute, University of Copenhagen, Denmark January 12 2008-onwards **PhD scholarship** , completed successfully
44. **Saima Farooq** (Kansas State University, summer 2008 onwards, 6 year **PhD** scholarship), successfully completed Ph.D. (currently Lecturer, Dept of Physics and Astronomy, Maine University, U.S.A.)
45. **Yusra Yousaf** Manchester University, 2009 onwards, 3 year **PhD** scholarship, converted to M.Phil due to marriage; degree completed)

INSTITUTIONS ATTENDED:

Edinburgh University, Scotland (1975-79) as a **PhD** student; Topic of thesis “The Dual Absorptive Model and Elastic Hadronic Scattering at High Energies and Small Momentum Transfers”; Supervisor: Dr. L.L.J. Vick

Punjab University, Lahore, Pakistan (1969-71) as an **M.Sc** student with special courses in *Theoretical Particle Physics*

Gordon College, Rawalpindi, merit scholarships in **F.Sc** (1967) and **B.Sc** degree (1969) with courses in Mathematics and Physics winning a merit scholarship

C.B. Sir Syed School, Rawalpindi, Pakistan (1955-65) standing first in the school in the matric (i.e. 10th class) examinations winning a merit scholarship

PARTICIPATION IN INTERNATIONAL CONFERENCES / WORKSHOPS etc:

(numbering in reverse order to facilitate recent additions at the top)

38. Participant Conference on “The Future of Intra-societal Conflict and Violence Research” at University of Bielefeld, **Germany** from November 19-21, 2012

37. Participant Cultural cum Study tour of **Turkey** from October 2 to October 8, 2012.

36. Participant Regional Conference “Governance and Financing of Higher Education” held at Phuket, **Thailand** from October 18-20, 2010.

35. Participant Fifth International MIT LINC 2010 Conference, held at Cambridge, Massachusetts, **USA** from May 23-26, 2010

34. Participant workshop “Professional Development Training” organized by Leadership Foundation for Higher Education UK, held at Manchester, **UK** from 07-17 December, 2009.

33. Participant workshop “Achieving Excellence in Higher Education” held at Ifrane, **Morocco**, from 02-04 November, 2009.

32. Participant workshop “Pathway to Peace Project” Led by Quest for Economic Development (QED), held at Manchester **UK** from 22-28 June, 2009.

31. Participant “Higher Education Summit for Global Development” held at Washington D.C., **USA** from 29-30 April, 2008.

30. Participant XXXth Nathiagali International Summer College (organized by the PAEC) 27 June – 2 July, 2005

29. Visiting Scientist Kansas State University, **USA**, Summer 2002, 2003

28. Participant Symposium on Frontiers in Physics held at Government College, Lahore by the Pakistan Physical Society from Dec 20-22, 2000.

27. Participant 2nd Workshop on Particle Physics organized by the National Center for Physics in collaboration with CERN at the Quaid e Azam University, Islamabad from 13-18 November 2000.
26. Participant 25th Nathia Gali International Summer College on Physics And Contemporary Needs held at PC Bhurban (May 24-31, 2000). These Colleges are organized by the PAEC.
25. Participant 1st Workshop on Particle Physics organized by the National Center for Physics in collaboration with CERN at Quaid e Azam University, Islamabad, September 1999
24. Participant 24th Nathia Gali International Summer College on Physics And Contemporary Needs held at PC Bhurban (June 1999)
23. Participant and member Organizing Committee 1996 BCSPIN Kathmandu Summer School on High Energy Physics and Cosmology, **Kathmandu, Nepal** June 1996 (BCSPIN SCHOOLS are organized by the International Center for Theoretical Physics, Trieste, Italy; BCSPIN is an acronym for Bangla Desh, China, Sri Lanka, Pakistan, India and Nepal)
22. Participant and member Organizing Committee 1994 BCSPIN Kathmandu Summer School on High Energy Physics and Cosmology, Kathmandu, Nepal May 22 - June 8, 1994
21. Visiting Scientist Instt du Phys. Nucleaire, Orsay, **France** (June 1992)
20. Participant Summer Workshop on High Energy Physics and Cosmology as well as visiting Senior Associate, ICTP, Trieste, **Italy** (July 1992)
19. Participant "Regional Conference on Mathematical Physics" (Dec 1991) Edirne, **Turkey**
18. Participant "Symposium on Lepton Photon Physics and High Energy Physics conference LP - HEP 91 (July 25 - August 1, 1991), at CERN (European Organisation for Nuclear Research), Geneva, **Switzerland**
17. Visiting Senior Associate and participant Summer Workshop on High Energy Physics and Cosmology (June 19 - July 24, 1991), ICTP, Trieste, **Italy**
16. Participant "Cargese 90 Workshop on Z Physics" (August 1990) Cargese, **France**
15. Visiting Associate and participant "Summer Workshop on High Energy Physics and Cosmology" (summer 1990) ICTP, Trieste, **Italy**

14. Participant “3rd Blois Conference on Elastic and Diffractive Scattering at the Interface of Soft and Hard Scattering” +(May 2-6, 1990) Evanston University, Illinois, **USA**
13. Participant “2nd Blois Workshop on Elastic and Diffractive Scattering” (October 15 - 18, 1987) at Rockefeller University, New York, **USA**
12. Invited Speaker at “Regional Conference on Mathematical Physics” (September 21 - 27, 1987) at Cukurova University, Adana, **Turkey**
11. Participant “Cargese 87 Workshop on Particle Physics” (August 3 - 21, 1987) at Cargese Institute, **France**
10. Participant “HEP 87 - High Energy Physics Conference of the European Physical Society” (June 24 - July 1, 1987) at Uppsala, **Sweden**
9. Visiting Associate and Participant “Summer Workshop on High Energy Physics and Cosmology” (July - August, 1987) at ICTP, Trieste, **Italy**
8. Participant “XXIIIrd International Conference on High Energy Physics” (16 - 23 July, 1986) at University of California, Berkeley, **USA**
7. Invited Speaker at “Regional Conference on Mathematical Physics” (January 8 - 10, 1986) at Chittagong University, **Bangla Desh**
6. Visiting Associate and participant “Summer workshop on High Energy Physics and Cosmology” (August 12 - 30 September, 1986) at ICTP, Trieste, **Italy**
5. Participant “Workshop on Elastic and Diffractive Scattering” (June 3 - 6, 1985) held at Chateau de Blois, Blois, **France**
4. Visiting Associate and participant “Summer Workshop on High Energy Physics” (July - August 1985) at ICTP, Trieste, **Italy**
3. Participant “Workshop on Non Perturbative QCD” (summer 1982) at ICTP, Trieste, **Italy**
2. Participant “Nathiagali International Summer College” (summer 1982) at Nathiagali Pakistan
1. Participant “1976 Summer School for Young High Energy Physicists” (summer 1976) at Southampton University, **England**

COUNTRIES VISITED

UK, Italy, France, USA, Sweden, Germany, Bangladesh, Nepal, Turkey, Saudi Arabia, Morocco, Thailand, Czech Republic

MISCELLANEOUS (before becoming VC)

Presidential nominee on the Board of Governors, National College of Arts, beginning November 2023

Member Selection Committee **King Faisal International Prize** for Physics (2000); several recipients of this highly acclaimed prize went on to become Nobel laureates subsequently

Chief Editor, *Journal of Scientific Research*, University of the Punjab (March 2005- 2007)

Member National Advisory Scientific Program Committee NCP (National Center for Physics, QAU, Islamabad; NCP is controlled by SPD)

Member Punjab University Selection Board

Member Punjab University Senate

Founder President “Association of Ex Students of Physics Department at P.U.” (AESOP) since 1998

Local Coordinator for World Laboratory Project for Pakistan 1992-97;(Previous Project Directors Prof. J. Ellis; Prof. A. Salam). This project was sponsored by the ICSC - International Centre for Scientific Culture with Headquarters at Laussane, Moscow and Beijing with Prof. A. Zichichi as its President)

Principal Investigator of the research project “*Aspects of Hadronic Scattering*” funded by the UGC – project completed

Principal Investigator of the research project “*The Deep Structure of the Nucleon*” funded by the Punjab University – project completed

Principal Investigator of the research project “*The Chou Yang Model and Hadron - Hadron, Hadron - Nucleus and Nucleus - Nucleus Scattering*” 1987 - 89; project funded by the Pakistan Atomic Energy Commission

Expert for evaluation of project proposals submitted to the **UGC** and the **Pakistan Science Foundation**

Convener Board of Studies in Physics –n 1995-2001, Jan 2007 – Jan 2008 (the responsibilities of the Board include revision of curricula and syllabi) of the University of the Punjab

Elected **member** Punjab University **Syndicate** (1981-82)

Member **Advanced Studies and Research Board** as nominee of the Syndicate (1996-98).
The Board is responsible for all matters related to Ph.D. theses.

Life Member Pakistan Institute of Physics

Elected **Secretary** of the **Punjab University Academic Staff Association** 1983-84, 82-83,
73-74 and 72-73

Member Punjab University Hockey team (1969-71) and *Captain* of the team (1970-71)

Member Gordon College Hockey team and College color holder 1967-69

Awarded Diploma of Merit for active participation in the House of Commons Debating
Club, Gordon College (1965-69)

RESEARCH PUBLICATIONS

PAPERS PUBLISHED IN STANDARD *FOREIGN* JOURNALS / PRESENTED AT INTERNATIONAL CONFERENCES *ABROAD*

*(Numbering in reverse order to facilitate recent additions at the top; two research
publications in Pakistani journals have been omitted below)*

61. **M. Kamran** and M. Saleem: "Atmospheric Neutrino Physics" **5th International
Symposium on Nuclear & Related Techniques**, NURT 2006, April 3-7 2006, Havana, Cuba

60. **M. Kamran**: "A Remark on Neutrino Oscillations" NANP – 03 Conference at Dubna,
Russia June 22-28, (2003)

59. **M. Kamran: (JOURNAL PAPER)**

"A determination of nucleon form factor ratios using perturbative QCD"

Communications in Theoretical Physics Vol 23 (1995) p 379 (**China**)
